

DIPLOMA IN INTERNATIONAL LAW ENFORCEMENT

2024 INTAKE

(N/1032/4/0011)(2/28)(MQA/PA 16247)

PROGRAMME OVERVIEW

The Diploma in International Law Enforcement program is crafted to equip students with the essential core knowledge, competencies, and skills needed to meet current challenges in the field of law enforcement. Under this programme, students will possess a broad-based theoretical understanding of various aspects related to law enforcement such as criminology, criminal law, criminal investigation, crime prevention, disaster risk management, intelligence and surveillance, enabling them to function ethically and effectively across diverse roles. The programs also equip students with the essential knowledge and plenty of transferable skills, both professional and academic such as communication, research, problem-solving and critical awareness, making them valuable to employers both inside and outside the law enforcement field.

Overall, the program is structured to enhance employability, future career advancement and specialisation within the field; opening the doors to various career opportunities in law enforcement, governance and other roles in related field that are not limited to the traditional roles of professional practices and positions within the law enforcement field that includes sectors such as international organisations, non-governmental organisations (NGOs) and private corporations.
